

Reporting Tassel 5 Issues

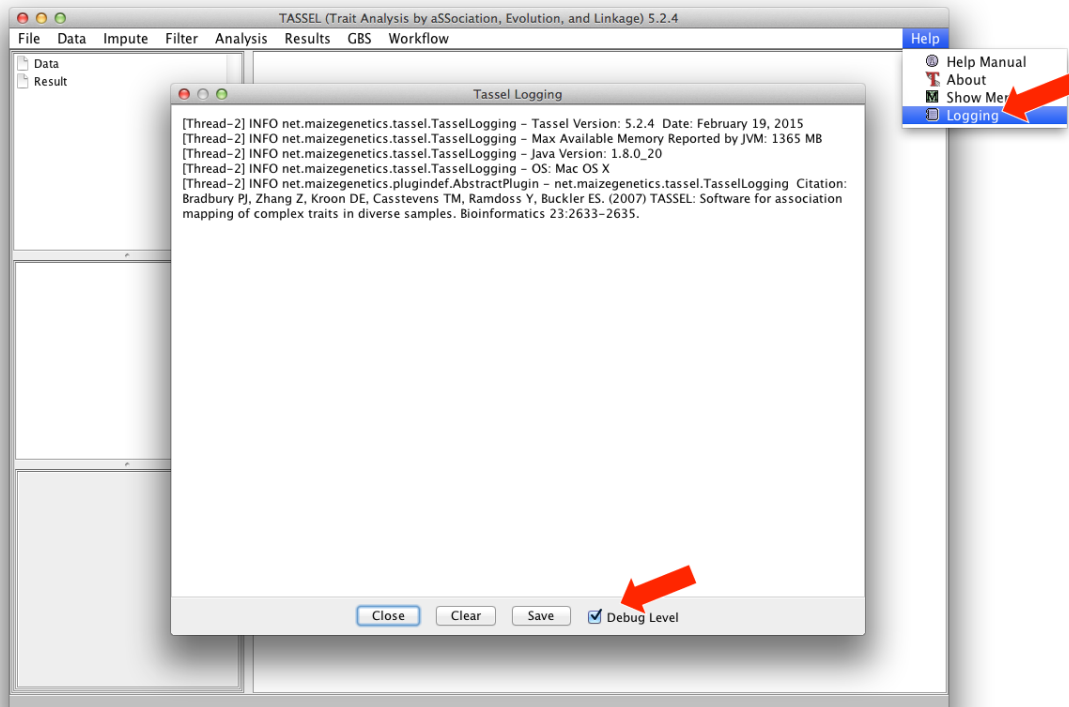

Executing Tassel (Including increasing heap size)

Please read this first...

<https://bytebucket.org/tasseladmin/tassel-5-source/wiki/docs/ExecutingTassel.pdf>

To Report Issue using GUI

1. Open logging window, and check Debug Level.

2. Step through functions you wish to perform, and record those steps to send to us.
3. In Logging window, either copy/paste or “Save” all logging messages to send to <http://groups.google.com/group/tassel>.

To Report Issue using Command Line

1. Run the Tassel Pipeline with the -debug flag.

```
./run_pipeline.pl -debug [<filename>] ...
```

2. Send your command and all logging messages to <http://groups.google.com/group/tassel>.
